TERMS & CONDITIONS COVERING THIS QUOTATION

**These clauses form part of and must be read in conjunction with
City Locksmiths Ltd 'Terms & Conditions of Sale'
City Locksmiths Ltd 'Confidentiality' Clauses
City Locksmiths Ltd 'Health & Safety Manual' and subsequent additions and
amendments.**

Copies of these documents may be viewed at City Locksmiths Ltd premises.

1. All prices are net plus GST.
2. This quotation will hold good for 30 calendar days from date of quotation.
3. Where product must be specially indented, then such prices shall be subject to currency exchange rates at time of importation. This product cannot be returned or credited.
4. Keying for double cylinder units are priced at times two.
5. Master keying charges include for supply on a restricted security profile and keys stamped to client specifications.
6. Where applicable, all quantities, lock cylinder types, hardware patterns, keying specifications and other client requirements shall be reconfirmed on site with client at commencement of work.
7. Where existing hardware and or damaged locking units require replacing or servicing, then such work shall be invoiced additionally at current rates.
8. City Locksmiths Ltd shall not be held responsible where existing timber or metal work has previously been altered, blocked, filled, patched or changed through building movement and which was not made made known by the client or visible at time of any physical inspection prior to commencement of work.
9. Where doors not fitted with a solid lock block, adequate frame or rail for the installation of locks, hardware or door closers are identified during installation, then such work will not proceed until discussed further with client.
10. Locks and or hardware supplied by client for installation by City Locksmiths Ltd and to be fitted to either existing or to new product supplied by City Locksmiths Ltd, must be compatible, with no responsibility taken for subsequent non function
11. City Locksmiths Ltd shall not be held responsible for the non function of locking units or other hardware installed by them through subsequent building movement, alterations made by another party, forcing or attempted entry.
12. The removal and retrofitting of patch locks on glass panel doors shall be undertaken by a glazier.
13. The removal and retrofitting of electrical switch locks shall be undertaken by a registered electrician, elevator technician or such other qualified person.
14. On site labour as quoted to retrofit cylinder assemblies is an estimate only, with actual time invoiced at completion of work.
15. These clauses shall apply equally to window sashes & frames and all other cabinetry and joinery.

All clients and or their authorised representatives having received this document shall be deemed to have read, understood and accepted such 'Terms and Conditions', which shall not be altered.
